

GERMAN PLOT IN MEXICO CHARGED

Carranza Encouraged in Hostility

TOWARDS U. S. IS THE REPORT

German Heads Are Working a Sly Game To Stir Up War Conditions.

VON RINTELEN VERY ACTIVE

Washington, June 29.—Advices received here from Mexico allege that the German representatives there have encouraged Gen. Carranza and the officers of the de facto government in their opposition to the United States troops remaining in that country. The form of encouragement was said to have been moral rather than material.

The reports further declare that German citizens in Mexico are being treated with great consideration, their property not being molested. Some Americans have taken advantage of the favors accorded German subjects by placing their property in the hands of German friends upon leaving Mexico.

This information was disclosed by a competent authority in connection with information concerning the activity in Mexican affairs of Capt. Franz von Rintelen, now under indictment in New York for conspiracy to foment strikes in American munitions plants, and under arrest in England.

Von Rintelen is known by the authority mentioned as well as by Government officials to have been most active in Mexican affairs. His activities began at the time Villa and Carranza were at odds and when Huerta went to the border to direct a plot to gain control of the government.

Von Rintelen was described as having been prompted by three motives in endeavoring to stir up trouble between the United States and Mexico, although primarily his activities were said to have been directed against the Entente Allies and not against the United States.

The information obtained leads officials to believe that Von Rintelen thought that by starting a dispute between the United States and Mexico, munition shipments from America would be stopped and that the United States would be too busy to pursue the submarine controversy and that the allied navies would be prevented from securing fuel oil and gasoline from the Mexican fields. More than sixty per cent. of the oil used in the British navy comes from Mexico.

It was pointed out that at no time would the United States have failed to press its demands in regard to the conduct of submarine warfare, even if a state of war existed with Mexico. As for exportation of oil from the Mexican fields, it was said that in the event of war between the United States and Mexico, some means will be found to prevent the plans of Von Rintelen from being realized.

The names of Federico Stallforth, of New York, a former banker in Mexico, and Andrew C. Meloy, also of New York, are mentioned in connection with that of Von Rintelen. Stallforth, who was said to have been associated with Von Rintelen in Mexico, was called before the Federal Grand Jury in New York to testify as to his activities. Von Rintelen while in this country, maintained headquarters in Stallforth's offices. He is understood here to have denied any connection with Mexican intrigues, but was remanded to jail over night for contempt for refusing to answer certain questions before the jury.

Meloy also was associated with Von Rintelen in Mexico. He was indicted in New York on the charge of having obtained a false passport for Von Rintelen.

Another name mentioned with Von Rintelen's was that of David Lamar, sometimes called "The Wolf of Wall Street," and indicted with him. Lamar is said here to have obtained a large sum of money from Von Rintelen to be used in promoting certain plans regarding Mexico and dock strikes in New York. So far as is known in Washington, Lamar performed no services commensurate with the sum of money he is said to have received.

SUN SETS TWICE DAILY AT AN ENGLISH POINT

There is one place in the world where the sun sets twice daily, and that is at Leek, in Staffordshire, England. The reason of this is that a jagged mountain is situated to the west of the town, and in the evening the sun sets behind it and darkness comes on. Then the first sun-down occurs, the gas lamps are lit, and apparently night has set in. But it has not, for in the space of an hour the sun reappears again through the opening at the side of the mountain, and daylight again appears. Artificial lights are extinguished, and daylight again prevails until the sun descends below the opening and the second sunset occurs and night comes to stay.

WOMEN SHRINK FROM MODESTY

Bear Grievous Ailments Rather Than Make Conditions Known.

The subject of complaints peculiar to women is a delicate one, yet it is a plain duty to let these sufferers know that most of the derangements from which they suffer are due primarily to nervous debility.

Many a suffering woman, influenced by shrinking modesty, has borne this grievous condition without complaint rather than make a personal appeal. When women say, "I am all run down, so nervous and weak," that means they are victims of the modern malady.

Such women, and they are legions, in every community, suffer from headaches, backaches, loss of appetite and sleeplessness. Their spirits are always depressed and their lives are not the normally happy ones of their more fortunate sisters. Often too there are spells of nausea, weakness, or even fainting, that make them feel insecure and to wonder when they will be embarrassed, or even in danger, because of their condition.

For such suffering women Tanlac, the tonic, tissue builder, appetizer and invigorant, is ideal. Tanlac builds up the system, promotes digestion and proper assimilation of food, vitalizes the blood and brings back healthy color to the cheeks and real sparkle to the eyes.

Tanlac may now be obtained in Hartford at the Ohio County Drug Co., where its merits are fully explained.

Tanlac may be obtained in the following nearby towns: Beaver Dam, Z. Wilbur Mitchell; Centertown, L. C. Morton & Son; McHenry, Williams Coal Co.; Ceraivo, C. R.
